JOIN TOGETHER AS A COMMUNITY IN RAINWATER HARVESTING AND HOME COMPOSTING

Did you know that one inch of rain falling on a 1,000 sq. ft. roof harvests up to 600 gallons of rainwater for use on your lawns and gardens without turning on a tap?

Did you know that having 1,000 residents in your community, actively composting would divert 600,000 lbs of organic waste from going to local landfills per year?

**Join us,
Saturday, May 22, 2010
9 am - 3 pm**

**SYSTEMN Rain Barrels and
Earth Machine™ Compost Bins**
will be available at the following location:

**Lake Superior College
Lower East Parking Lot
2101 Trinity Road
Duluth, MN**

WLSSD and the Regional Stormwater Protection Team would like to thank Lake Superior College for their support of this event. For more information on this event, please call WLSSD at 218-722-0761 or visit www.wlssd.com
