

## UMD 611 - Pollution Prevention/ Good Housekeeping BMP

Title: **Exterior Loading Docks**

Addresses Minimum Measures: I Public Education and Outreach  
III Illicit Discharge Detection and Elimination  
VI Pollution Prevention/Good Housekeeping

Target Audience: University Employees

Description: Identify loading and unloading procedures for liquid and particulate materials at all exterior loading docks.

### Measurable Goals:

1. Identify exterior loading areas and entities involved
2. Review loading and unloading practices with departments that use these areas
3. Make recommendations for storm water protection
4. Develop procedures
5. Develop training
6. Implement procedure

### Timeline:

- March 2007
- May 2007
- September 2007
- November 2007
- January 2008
- February 2008

### Specific Components:

- Develop procedures for loading/unloading particulate materials.
- Develop procedures for loading docks regarding loading and unloading of liquid materials at all exterior docks.
- Provide training information regarding loading and unloading of liquid particulate materials.

### Educational Components:

- Inform university employees through email, website, and/or meetings.

Responsible Party: University of Minnesota Duluth Storm Water Steering Committee
